

My Giving to Westminster - Online Membership and Giving Records Website

Westminster maintains a secure member website which allows church members to view and edit their personal data including: name, address, contact, and other information. In addition, members may view their personal record of giving by date, which fund was contributed to, etc. Members may also view the church membership directory to obtain contact information.

To use this website, use your browser to go to <https://wpc.churchofficechms.com/user/login>. Please sign in using the email address that Westminster has on file for you. If you are uncertain as to which email address that WPC has for you, please call Jana at the office 776-1185 and she can provide that information to you. First-time users should enter their email address and then click on the "Forgot Password" link at the bottom of the webpage. You will then receive an email from WPC Church Office Online providing your username (the username should be of the form firstname.lastname) and your new password. Log back in to the above website with your username and password.

Once you are signed in, you will see a webpage similar to that shown below. The "View" tab shows the current contact information for you and your family members. The "Edit" tab may be used to edit your personal contact information as well as that of your family members. The "Giving" tab provides a listing of your giving to Westminster by date. You can change your password on the Account Tab if you want to do that. Finally, a directory of members can be accessed by clicking the "Directory" button at the top of the webpage. The directory provides contact information for church membership.
